

Drive-thru COVID-19 Testing at Walgreens

At this time, testing is available

in Alabama, Arizona, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Missouri, Nevada, New Jersey, New York, North Carolina, Ohio, Oregon, Rhode Island, South Carolina, Tennessee, Texas, Utah, Virginia, Washington and Wisconsin with more sites coming soon.

Walgreens is offering drive-thru COVID-19 testing at select locations in partnership with the PWNHealth provider network.

Testing is free to eligible individuals who meet criteria established by the Centers for Disease Control and Prevention (CDC) and state and federal guidelines. At the testing locations, Walgreens pharmacists oversee patients' self-administration of the COVID-19 test.

Public-Private Partnership

HHS has partnered with pharmacy and retail companies to accelerate testing for more Americans in more communities across the country. These companies are coordinating with state and local governments to:

- Provide Americans with faster, less invasive and more convenient testing
- Protect healthcare personnel by eliminating direct-contact with symptomatic individuals
- Expand testing to communities across the United States, especially those that are under-tested and socially vulnerable

How to Get a Test

Click the links below for up-to-date information about each company's efforts to provide timely and accessible COVID-19 testing. You can schedule an appointment for testing on each of the companies' website. Partners include:

- **CVS Health**
- **Kroger** in partnership with **eTrueNorth**
- Local Independent Pharmacies in partnership with **Health Mart** and **eTrueNorth**
- **Rite Aid**
- **Walgreens**
- **Walmart** in partnership with **eTrueNorth**

- **Walmart** in partnership with **Quest Diagnostics**
